Dear Marvin,

I wanted to take this opportunity to personally thank you for all of your efforts on our behalf. Hiring you as a consultant was one of the best decisions our company has made in the 25 years we've been in business. The programs created just for our company allows us to make the best financial decisions at the appropriate time. The ease of use, financial reports and training provided affords us the opportunity to know exactly where our company is at any given time.

Also, your assistance with my new venture far exceeded my expectations. As you know, I was struggling to create a professional business plan and spreadsheet for this venture. Instead of just a spreadsheet, you created an incredible financial program easy to use with great detail. This business plan along with the help of the new financial program has been well received by potential investors. Honestly, this venture would have not gotten off the ground without you!

Marvin, if you ever need a reference or would like me to speak with a potential client, please feel free to give my number and/or e-mail address. It would be my pleasure to recommend you. I look forward to working with you on other projects for many years to come. Thank you again for going above and beyond!

Sincerely,

Marion McGrath
